

VIRGINIA LICENSE PLATES

E PLURIBUS UNUM OUT OF MANY, ONE

E PLURIBUS UNUM, which translates to Out of Many, One, was our country's first motto and was adopted by the Founding Fathers in 1782 as part of the Great Seal of the United States.

It stands for the strength of an inclusive community, the melding of many different cultures and perspectives with the common purpose of coming together to work toward the common goals of one country – life, liberty and the pursuit of happiness.

A group of Virginians looking to celebrate a patriotism that is diverse and united have designed this specialized Virginia license plate. Delegate Alfonso Lopez has graciously agreed to be our legislative sponsor.

Download the application:
